PRESIDENT'S REPORT

Hi All

Due to a sudden illness (not life threatening or serious) I wasn't able to attend the last committee meeting but it appears from the minutes that there have been a few requests put forward – when the cats away the rats will play – all requests denied, except for the Vice President and Treasurer, who will be the proud owners of new red brooms. Gary will now be residing in WA as his request for fuel money is denied.

Now to the serious stuff, by the time you read this Meet the Vics will either be happening or finished and there will be a report in the next Newsletter and there is a vacancy for the October long weekend so catchup with Peter and Lynda if you want to go.

The September run to Mt Mary already has 16 going so if you want to attend let me know as I have only booked for 30. (0408820819). Check the Newsletter for more Club events.

If you haven't thought about it now would be a good time to start to get your Corvette ready for the good weather and a bit of cruising and once you have it all shiny take some photos and send them to Adrian for car of the month, plus we would like to update our members cars on the website so forward them to Peter also.

The Nationals in Ballarat is filling fast, probably because it is the first one since the Gold Coast 2019 and it promises to be a cracker, for those that haven't attended one its like a club run, club dinner and a Corvettes Rock the Bay, but bigger all rolled into one event with lots more people and cars.

Put in your diary November 2nd and December 7th these are the dates of our club meetings that you can get your logbooks signed, so what is more important partying or driving your Corvette?

Happy Vetting

corvetteconversioncentre.com.au

Specialising in C3 (1968-1982) Corvettes, we can do anything from routine maintenance to ground up restorations. This includes conversions to Right Hand Drive and reconversions on cars that do not meet current standards. We have a large inventory of new and used parts and panels in stock. Any parts that you require that are not in stock are normally 10-14 days away, as we place orders to America on a weekly basis.

Corvette Conversion Centre is pleased to announce that we have developed brackets to mount the RRS Rack and Pinion steering system to C3 Corvettes. This will be the perfect solution for poorly converted Corvettes or if you just want a more modern feeling steering system.

Club Registration Renewals 2023

Dear Club Members, do you want something for FREE? Then this is for you.

It's FREE advice.

It's time to starting planning for your membership renewal and logbook signing for 2023. You need to pay your membership fees before we can sign your logbook and all logbooks need to be signed by 31st December or you will be driving an unregistered vehicle and we don't want that.

Membership renewals can be paid either online or at the November or December Corvette Club meeting. Logbook signings are held on the same night.

So, lock in a one of those meetings to get this done so you can relax and enjoy the Xmas/New Year's break.

Online payments can be made anytime from September. If you are paying online, please make sure you include your Full name & Membership Number in your reference. Bank details are below: -

Steve Evans C4

As a child I always loved Corvettes, with a convertible 454, 4 speed being the prize.

In the summer of 1987 while visiting my sister, she had a friend visiting with a new car. A blue 1985 C4 auto coupe. WOW! He asked me if I wanted to go for a ride. Of course, the answer was yes. I can still remember how special it was. A fuel injected 350 Chev with a targa roof. Not only did I [have the opportunity to](#) be in this, but I also got to go for a drive it.

Without hesitation I jumped at the offer. I don't know if it was insured for someone my age, but sometimes you just must take up these once in a lifetime opportunity. This memory of the Corvette niggled away in my head for years.

Over the years as family life took a place, I would always joke about how the new additions to our home were being built to fit my new Corvette. These jokes finally became reality some years later, well 26 ½ but who's counting, in 2013 when I had no more excuses to not investigate in the purchase of a Corvette. I decided that I wanted a convertible, and I wanted it to be as reliable as a corvette could be!

I welcomed into my life "Pearl" the blond American muscular girlfriend, that likes to go topless 😊 most of the time. Pearl is an automatic 1987 example with a mirror conversion, and a white top that not many have seen. She has been fairly reliable, with a few electrical gremlins in the first few years. When I met Carol we realised Pearl was showing signs of jealousy. I don't think she liked me visiting Carol when we were first dating. There were a few times we never made it across town to see Carol because Pearl spat the dummy and would just stop. She went home on a tray top, in disgrace more than once.

Once we started to pay more attention to her and join a little car club "CCSA", where I have made lots of new friends and she has been more accepting of Carol being around.

We love the open-air cruising and that sweet V8 sound. It just makes you feel good every time we are out on a run. 9 great years with Pearl have past and I have sadly cheated on her.

I have now purchased a black C5 manual convertible. My ultimate dream. It baffles me every day to why there are not more Corvettes on the road.

KA – CHING (Money, Money Money) Here we go again!

Some time ago I wrote a story about my Corvette engine rebuild & the hiccups I had along the way. People kept telling me, "It's a Corvette. What do you expect?"

Well I think I finished that story with "No more spending. Time to drive & enjoy".

Aha. Ka-Ching, here we go again. The issue is the Co-pilot starts saying the floor is getting very hot & everything in her handbag of essentials was melting. Especially her Lippy!

Now us guys (the smart ones anyway) know "Happy Wife, Happy Life". Apparently, the recent modifications & wrapping the extractors caused extra heat under the floor panels.

So, I decided it was time to replace the carpet in the car. I contacted Glen from Corvette Corner (he's my go-to man now) to order the correct carpet. He was able to supply & deliver the carpet cheaper & quicker than going direct to America. If you need Corvette parts, call Corvette Corner first. (He is based in Melbourne).

Next job was to source heatproofing material. After surfing the Net, I came across a company in Melbourne called Car Builders. They specialize in heatproofing & noise reduction. I was able to call them direct to discuss what I needed. This called for a road trip to Melbourne, (returning via the "Great Ocean Road"), to see the products. The showroom had displays showing the different products available. The first was aluminium heat shielding, premade to fit over the exhaust pipes. This reduces the heat coming up to the floor panel. Next, they showed me their floor matting, which is again designed as heat proofing. Then there was the heatproof dyna mat.

Now to put it all into place.....

Firstly, fitting the exhaust shields proved to be the easiest step.

Next remove the old carpet &.....Ka-Ching, I get a phone call asking me to come to the workshop.

The LH floor, where the pedals used to be, had been repaired by pop-riveting an old flattened out Baked Bean can to cover the holes. (That's what it looked like anyway). Water had seeped in & then rusted along the door sill. There were holes large enough to look through. Only the glue on the carpet was holding the repair work in place. So, this led to an unexpected repair job. The more we scraped, the worse it became. No wonder the car was hot & noisy!

Eventually the floor was repaired, the damaged centre transmission tunnel covers were repaired & refitted. Then dyna mat was used to cover the entire area, floor pan, transmission tunnel, behind the seats; anywhere we could fit it. Then the same process was done with the heat proof matting. The existing matting was only under the flat floor section. Do the job properly & cover all surfaces possible. Finally, the carpet was fitted. This is now super tight due to the ¾ inch matting underneath.

Only time will tell if my Co-Pilot is happy (fingers crossed). I have supplied some pictures, including the material used from Car Builders. Their website is www.carbuilders.com.au. I would recommend them to anyone needing this kind of gear.

I won't say "This is it" as it is a Corvette. Till next time:- Pete & the Co-Pilot

GOLD★RUSH

BALLARAT 2023

March 24th - 27th 2023

Proudly brought to you by ...

2023 Gold Rush Nationals

Source: City of Ballarat

Corvettes of Melbourne, Vic Vettes and Surfcoast Corvettes will host the first Corvette Nationals since Queensland in 2019, due to the enduring Covid 19 pandemic. It is important that we recognise and thank the South Australian and Canberra Clubs for their ongoing efforts attempting to hold the Nationals in the face of insurmountable odds.

Taking place in historic Ballarat, the **2023 Gold Rush Corvette Nationals** will run from **24-27 March**. This event has been moved away from Easter to avoid congestion and make our event more affordable for attendees.

All rooms have been secured at **Mercure Ballarat Hotel and Convention Centre**, which will transform into the Corvette HQ during the event. The campus-style facility means your cherished Corvettes can be parked immediately adjacent to, or in close proximity to your room, with additional security provided. The good news is we've been able to negotiate a fantastic rate for these Nationals so we advise you to get your bookings in early – otherwise, overflow accommodation will be available at a nearby hotel.

Polish up your Corvettes, pack your favourite convention- and nationals- themed shirts, dig out your club regalia, pack your gold dancing shoes for the Gala dinner, and make your way to Ballarat for fun with the Corvette family. We look forward to seeing many familiar faces and to meeting the growing number of new enthusiasts.

What will the 2023 Nationals offer?

The Nationals will be held in and around Ballarat, Victoria's third largest city. During the 1800s, Ballarat was the epicentre of Australia's first gold rush, spawning the Eureka stockade as well as a rich history, culture, and well-preserved colonial-era heritage. That's why we're calling this event the **2023 Gold Rush Corvette Nationals** – we'll also take the opportunity to profile and feature the new **Corvette C8**.

The Program

Friday 24 March 2023

On Friday, book into the event, receive your gift bag, and mingle at the traditional **Meet and Greet** to follow that night.

The National Presidents' meeting will take place at 4pm.

Saturday 25 March 2023

A **Show 'n' Shine** will be held at scenic Lake Wendouree.

On Saturday night, we'll venture over to **Sovereign Hill** for a unique gold rush experience and to take a closer look into history of the era. Substantial finger food will be provided and drinks will be available to purchase from the bar.

Sunday 26 March 2023

On Sunday, we'll take a **picturesque cruise** through the local gold country and surrounding country towns, enjoying lunch together and some **Show 'n' Shine awards** presentations before returning to the Mercure Hotel.

Upon arrival back at the hotel, there will be time to relax and have a drink with old and new friends.

The **gold-themed gala dinner** will be held on Sunday night at the Mercure Hotel. There will be plenty of music, so glam up in your finest attire, dress to impress, and wear your best gold dancing shoes. Here, there will be additional presentations as well as auctions and raffles.

Monday 27 March 2023

Time to pack your Corvettes, say **farewell**, and make the safe journey home.

Rob's Funnies

My wife asked me if a certain dress made her butt look big. I told her not as much as the dress she wore yesterday

and then the fight started.....

I asked my wife, "Where do you want to go for our anniversary? "

It warmed my heart to see her face melt in sweet appreciation.
"Somewhere I haven't been in a long time!" she said.

So I suggested, "How about the kitchen?"

And that's when the fight started....

My wife and I are watching Who Wants To Be A Millionaire while we were in bed. I turned to her and said, "Do you want to have sex?"
"No," she answered.
I then said, "Is that your final answer?"

She didn't even look at me this time, simply saying "Yes."

So I said, "Then I'd like to phone a friend."

And that's when the fight started....
