MAY NEWSLETTER 2017

PRESIDENT'S REPORT

Hi All.

Well the Corvette Nationals are over for another year and we look forward to hearing all about it from those that attended and I am sure that they all had a great time.

As for the rest of our year there are three dates that need to be in your diary.

The first is **July 22nd** our traditional mid year dinner which will be anything but traditional the theme is "Out of this World" and it will be run by Goof (enough said) don't miss it should be great, there are more details in this newsletter.

Now unless you have been living under a rock or on an extended overseas vacation this year we celebrate the 40th year of our existence as the Corvette Club of South Australia and Saturday **November 4th** is the date of our "40th Anniversary" dinner and finally Sunday **November 26**, "40th Anniversary" show and shine, details of these events will appear in the Club newsletter once confirmed by the 40th planning committee.

We still have the monthly club runs and dinners as usual.

See you at the next meeting.

Happy Vetting and a Happy Mothers Day to all our Mothers of two and four legged kids!

ABOUT HEARTKIDS LIMITED

Our Vision

We aspire to life unaffected by Congenital Heart Disease.

Our Mission

To improve the lives and future of those affected by Congenital Heart Disease by providing high quality, caring support, information and advocacy and to give hope by driving world class research.

Our Values

Caring, Determination, Collaboration, Integrity, Hope, Family.

BACKGROUND

HeartKids Limited formed in September 2016 and builds on 35 years of outstanding support by HeartKids state organisations for children, adults and families impacted by Congenital Heart Disease (CHD). HeartKids is the only charity dedicated to the needs of those affected by CHD and our objective is to support all Australians living with CHD across the lifespan.

RELATING TO SOUTH AUSTRALIA AND CHD

South Australian hospitals do not provide paediatric heart surgery. From the outset, families experience greater inequalities in managing their child's heart disease than other Australians. On average, two to three families per week travel to Melbourne from Adelaide's Women's and Children's Hospital and Flinders Medical Centre for life giving heart surgery. In some instances, depending on the severity of the case, the family can be given just a few hours' notice. Relocation to Melbourne can be anywhere from a two-week period up to many months at a time. If the child undergoes a heart transplant, relocation can be up to a year. No matter the scenario, CHD has a significant impact on people's personal and financial lives.

HeartKids has proven its ability to provide much needed support to families negotiating their CHD conditions, here in South Australia. We have established excellent support programs and developed effective relationships with the medical experts at the Women's and Children's Hospital in Adelaide, the Pt Augusta Hospital and the Royal Children's Hospital in Melbourne.

In the 15/16 Financial Year, HeartKids in South Australia have: provided more than 1,500 hours of in-hospital support; supported 111 families who needed to travel interstate for surgeries; supported 54 families whose child has died due to CHD, including ten families whose child passed away in 2015-2016 Financial Year; supported more than 100 regional families - access to specialised care and to life-saving procedures as well as earlier diagnosis and early treatment have been key to improved survival rates; continued to support a total of 933 'active' children with CHD in SA and NT; and added 79 new families to HeartKids.

In 2017 the demand for our services continues to grow dramatically, as thankfully more of our children are surviving into adulthood, as previously mentioned. Our total financial commitment towards our Family Support Programs increased from more than \$250,000 in the 2014/2015 Financial Year to just over \$272,000 in 2015/2016. This 8.86% increase is further supported by our total in-hospital hours which increased by 87.5%, using the same comparable timeframe. This is a trend that will only continue to increase as medical research and breakthroughs advance. HeartKids needs to increase its capacity to adapt to this changing landscape.

Current defining statistics:

Every day, eight babies are born with heart disease. Congenital Heart Disease is the greatest killer of babies under the age of one.

Approximately half of children diagnosed with heart disease require surgery to correct the defect, with South Australian families needing to travel to Melbourne for their baby's life-saving surgery.

Each week, more than four children pass away as a result of a congenital heart condition.

A disproportionate number of indigenous children suffer from heart disease, often as a result of rheumatic fever, which is prevalent in many communities – *and is 100% preventable.*

The Congenital Heart Disease population now has more adults than children.

Congenital Heart Disease is a chronic disease, requiring lifelong ongoing cardiac care with long term outcomes unknown.

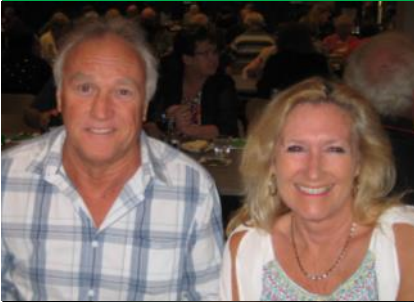

We wish to extend our most sincere appreciation to the Corvette Club for supporting HeartKids as its charity of choice.

State Manager SA/NT

Specialising in C3 (1968-1982) Corvettes, we can do anything from routine maintenance to ground up restorations. This includes conversions to Right Hand Drive and reconversions on cars that do not meet current standards. We have a large inventory of new and used parts and panels in stock. Any parts that you require that are not in stock are normally 10-14 days away, as we place orders to America on a weekly basis.

Corvette Conversion Centre is pleased to announce that we have developed brackets to mount the RRS Rack and Pinion steering system to C3 Corvettes. This will be the perfect solution for poorly converted Corvettes or if you just want a more modern feeling steering system.

EASTER RUN TO CLAYTON BAY

After morning coffee at Macca's Castle Plaza, 18 cars departed for a cruise down to Clayton Bay for a BBQ lunch. My idea was "no U turns" as with this amount of cars that would be a bit awkward. But that was not to be. After giving directions we headed off down South Rd & regrouped at Flagstaff Hill before cruising down through Clarendon, Kangarilla, Meadows, and Strathalbyn. Now about that U-turn:- yep, at the Paris Creek turn off some of us went left & you guessed it, some went right. So hence only some of the cruisers had to do the U-turn, but they eventually caught

up with us at Rusticana Winery (or Newman's Horseradish farm). Here we sampled wines, horseradish & olive oils.

After this & having the whole group back together, we went down through Milang & on to Clayton bay to the Boat Club, where Dave Thomas was waiting for us to park the cars on the lawn on the edge of the lake.

The BBQ was fired up, the meat cooked, salads prepped & the bar opened. For sweets we had Hot X Buns warmed on the BBQ. The rest of the afternoon was spent soaking up the beautiful weather on the edge of Lake Alexandrina.

This was a great opportunity to catch up with the newer members taking their 1st run. Hopefully they will continue to join us & just maybe:- one day we'll have a run with no U-turns. Who knows?

Lyn & I thank all of you who came & made the day the success it was. We also make a special thanks to Dave Thomas who offered the boat club facilities for us to enjoy.

Till next time:- KEEP CRUISIN

KERNEWEK
LOWENDER also known as the "Copper Coast Cornish Festival"
Every 2yrs they hold "Classic Cavalcade of Cars" and this year it's to be held on Sunday, May

21st.

It's open for vehicles built in 1985 or earlier.

Departs the Wallaroo Marshalling Yard, the Cavalcade will travel through Wallaroo to Moonta and Port Hughes, then to onto the Kadina Oval for display.

Food/drinks available on the oval at the finish.

It's like driving thru a xmas pageant, the streets are lined with thousands of people.

We will be meeting at the new OTR at Boliver at 6:30AM for a 6:45AM departure, depending on road works, it's about 2hr drive to the start, with a quick stop at Pt Wakefield.

They usually get 500+ cars, so if you don't want to be on the end of the line, you need to get there early.

Entry forms can be downloaded from here http://www.kernewek.org/images/NEW4990_Cavalcade_EntryForm.pdf

If anybody wishes to join me (have 6 already), I will be at the May meeting if you want more info.

MODEL CORNER

As usual I was recently scouring the internet for further models to add to my collection, (insert groan by wife here!). When I came across this very unusual offering from Franklin Mint. The subject is a 1/24th 1967 mid year convertible with detachable hard top. The eye catching part is that one half is completely transparent, revealing a very detailed model under the body. It has the stinger hood which is apparently functional, the big block 427 motor well detailed underneath. All badging appears to be correct. The doors and hood open and

apparently the radiator fan is free spinning but the suspension doesn't work, a bit of a shame considering the detail and effort that Franklin Mint have gone to with the rest of the model. The model id number is B11XR18 1 25 and it can be found on various web sites including Ebay but at \$360 Australian for a 1/24th model it is a little steep for my liking.

Corvettes West Visitors to Oz

During Easter this year, Ruth & I flew over to Sydney to catch up with some very special Corvette friends from the States.

Gene & Barb Renna with friends Charlie & Maddie and Rick & Sharyn are members of our sister club Corvettes West in Southern California.

Gene & Barb have had a long standing friendship with a number of our members and have even done one of our extended club weekends away up to Pt Augusta years ago. It was through their daughter who once lived here in SA that the friendship was formed that led to the original Sister Club connection.

The six of them had flown down to Sydney to spend a few days looking around before boarding a cruise ship back to the States.

Way to go.

When we farewelled them, Barb was proudly wearing one of our club shirts and Gene was even prouder wearing his Adelaide Crows cap. Way to go again!

Purchased just recently from club member Rob Freak unfortunately I have to let this great car go for work and medical reasons. RHD in original condition it's been serviced recently, registered for a year and new gear cables installed. Car runs like a dream, awesome car sad to let it go and I'll get another in the future. Best car so far. Look to get what I paid with servicing and rego and therefore will take \$33,000 flat.

Our club has reserved a three month display area at the Birdwood Mill in their main vehicle display auditorium for the period 1st July to 30th September this year.

This space will allow us to display four Corvettes as well as club memorabilia. Your interest is requested to display your Corvette during this period.

We are allowed to rotate cars on a monthly basis which will be in on a Sunday and out on a Saturday. Although some members may wish to have their Corvettes in for longer than a month this rotation will depend on the number of members who are interested.

The National Motor Museum has advised all vehicles are kept under their full CCTV surveillance as well as insurance coverage in the event anything untoward should occur.

If interested as this event approaches please contact John Randell either on **0428 394 710** or email dellter@adam.com.au.

Expressions of interest would be appreciated by the 7th June General Meeting. Also if you would prefer to display your Corvette over one particular month please advise accordingly.
