OCTOBER NEWSLETTER 2016

PRESIDENT'S REPORT

I am back from my holidays in the US, on a club note we need to select the Charity that we support for the next club year so please put in your suggestions, forms will be available next to the sign on book. We also need for all financial club members to vote for a new constitution. This means we need 80 current financial members at a special general meeting to pass the voting of the new constitution so I am about to send out a letter notifying of the meeting to do this.

Cheers Laurie

Friday Night Dinner

Hi Everyone,

Well, 14 people decided to gate crash John and Jenny's romantic evening at the Coopers Ale House on the 26th of August.

OK well, not really..... But, what a venue. The place is gorgeous. There is a TV screen the size of a Football field, which was good.... we didn't have to keep getting up to see the football scores.

The service was brilliant and the food.... I didn't hear one bad comment. It was lovely to see Pam - thanks for coming and it was wonderful to see Lynda after her operation. (Kev - you are not doing a very good job!) Thanks everyone for coming and a big thanks to John and Jenny for organising.

Specialising in C3 (1968-1982) Corvettes, we can do anything from routine maintenance to ground up restorations. This includes conversions to Right Hand Drive and reconversions on cars that do not meet current standards. We have a large inventory of new and used parts and panels in stock. Any parts that you require that are not in stock are normally 10-14 days away, as we place orders to America on a weekly basis.

Corvette Conversion Centre is pleased to announce that we have developed brackets to mount the RRS Rack and Pinion steering system to C3 Corvettes. This will be the perfect solution for poorly converted Corvettes or if you just want a more modern feeling steering system.

Car of the Month

I finally have my new Corvette, a 1998 C5, it has taken me 2 weeks to get it registered, I am the 3rd owner, and it has been registered in Victoria, since 2002 when it was converted by Corvette Clinic. However the VicRoads rego dept forgot to put the VIN number on the National Database, here-in lies my woes, I took it to local bobby for an identity check called a Tier 2, but he couldn't find the car on the NDB, but he acknowledged that as it was compliant and previously registered he would ok it, but rego people would not as it's non-existent, so I took it to the vehicle identity branch at Regency Park, purchased no.2 permit, they said the same thing not on NDB, and no import papers, cut a long story short and 2 more visits to Regency, finally got a copy of import papers, from Vic, but after a typo I had to get another, then I contacted NEVDIS in NSW and finally got them to put VIN on the NDB.

Now Regency was happy but still would not pass the car until it had a full vehicle inspection.

But after making a complaint about the car having full compliancy and should not need another inspection, they finally gave me the go ahead to register it, interstate buyers beware!

Anyway about the car, a 1998 C5 Corvette, yellow duco, black leather interior, LS1 5.7 engine, Z51 suspension, 12 cd stacker, only 27,000km, personalised plates to come to finish it off. Modified air intake and performance exhaust, will be bringing it to the next meeting, previous owner replaced all fluids and put on 4 new tyres and performance brake pads, and did a full service prior to me picking it up.

Historic Registration

Due to changes in Conditional Registration by the Department of Planning, Transport and Infrastructure (DPTI) as of 1 July 2012 log books will only be signed at the club meetings on **Wednesday 2nd November** and **Wednesday 7th December** this year.

Before log books can be signed owners must present the following:

1. Receipt of payment of club subs for next year's membership (the 2017 calendar year)
2. Vehicle for inspection if a new log book is required.
3. Current registration papers.
4. Certificate of Exemption issued by DPTI for left hand drive vehicles.

5. Statutory Declaration required every year at log book signing. Statutory Declaration must declare vehicle eligibility to be on the scheme and detail any modifications that have been made to the vehicle since it was last inspected, if no modifications have been made then the Statutory Declaration must state this.

LOG BOOKS WILL NOT BE SIGNED UNLESS ALL APPROPRIATE DOCUMENTS ARE PRODUCED

Log books must be signed before 31st December 2016 for vehicles to be able to continue to be legally driven on the road, if your log book isn't signed by this date then you will be illegally driving an unregistered vehicle.

Inspections and issue of new log books are required every 3 years. **Vehicle inspections are available between 7:00pm and 8:00pm on the dates shown above.**

If your log book is not signed, notify club registrar with the reason why (eg, car off road for repairs) before the 31st December 2016.

If your membership has not been renewed and the log book signed before the 31st December DPTI will be notified and the Conditional Registration for your vehicle will be cancelled by the department.

It is a requirement under the new code that the club notifies the department as a condition of maintaining our recognition status for the purposes of the scheme.

Reminder: All members are reminded that full payment of membership fees are to be received by 31st December. This year the first 100 members to pay their fees on time will receive a club pen.

Wallaroo Run

Big Dog's Run to Wallaroo 11.09.2016

A nice sunny day greeted us. We met at Munno Para ready for a nice long drive, (as only Rob can do) to Wallaroo for lunch at the marina. We had 19 cars meet, including some new people Jane & James with their red C6, Tom Stanef & his rain shy C3 & Gerry & Lyndall who brought out the Monaro for a blast.

Once directions were given it was off to Balaklava for morning tea where the 20th car joined us, Robert & Jenny's.

After satisfying the hunger pains, it was off along the back roads taking in the scenery, plenty of water lying about in the paddocks, to Wallaroo where we settled in for lunch. A great meal, people & views made it a most enjoyable spot for a meal.

Graham Johns didn't us let down. He saw the car in front put on their LH blinker. He thought "Oh he must be letting me know it's OK to pass him. OK that's what I'll do." Next minute the car turned off to the left. Graham sailed past the turn off & had to do the obligatory U turn!

Thanks to Rob & Karen for a great day.

Grease and Gawk

Cool cloudy day in Salisbury at The Engine Bay.

Nathan had tidied up the workshop, in preparation for corvettes to turn up and be lifted for inspection, and had also invited a customer (who is importing a Vette) to come by – but he didn't. Five club members came along.

Four cars made their way onto the hoists, where two were found to have minor problems. Steve turns out to be a "Rock God", collecting rocks in his undercarriage. (Somewhere between Munno Para and Wallaroo the weekend before.) Found a dent in a filter that was not there the week before, and our "Little Treasurer" had a wheel bearing breaking down, so two of the girls got to stay the night. Problems found, will be fixed before the Port Augusta run.

Rod Prime and partner called in on way home from cancelled balloon ride in Barossa, expecting to see a number of corvettes, only to find two remaining.

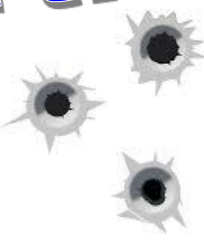

One of the employees turned up to have a look, and his daughters [both into muscle cars], asked if they could get a ride round the block. On return their father asked if it was as good as the "Monaro", what do you think they replied?

Thanks to those who turned up, Tony.

How not to park your Corvette.

Turn off your freezer to save power when you go away on holiday.....

.....just remember to take the food out of it first, isn't that right Neil!!!

Laurie's Last Laugh

A man goes to the Doctor, worried about his wife's temper.

The Doctor asks: "What's the problem?"

The man says: "Doctor, I don't know what to do. Every day my wife seems to lose her temper for no reason. It scares me."

The Doctor says: "I have a cure for that. When it seems that your wife is getting angry, just take a glass of water and start swishing it in your mouth. Just swish and swish but don't swallow it until she either leaves the room or calms down."

Two weeks later the man comes back to the doctor looking fresh and reborn.

The man says: "Doctor that was a brilliant idea! Every time my wife started losing it, I swished with water. I swished and swished, and she calmed right down! How does a glass of water do that?"

The Doctor says: "The water itself does nothing. It's keeping your mouth shut that does the trick".
